BLAME FOR WRECK PLACED ON OPERATOR

Country Being Scoured For Mattoax.

CONTENTIONS UPHELD BY BOOK

Claim that Negligence of Dispatcher in Allowing Two Trains in One Block at the Same Time Was the Whole Cause of Collision.

Lynchburg, Va., Dec. 4.—The cause of the awful wreck near Lawyers depot, 10 miles south of this city, in which President Samuel Spencer and his party of prominent New York and Baltimore men lost their lives, is laid absolutely at the door of C. D. Mattoax, the operator, who was in charge of the block telegraph station at Rangoon.

Mattoax, who disappeared after being relieved less than an hour after the wreck, has not been found, despite the fact that railway detectives have scoured the country around the wreck and his home at Sandy Level, in Pittsylvania county, some 40 miles from the scene of the accident on a small branch line of the Southern.

An official of the Southern railway stated that the company was desirous of apprehending Mattoax in order to secure a statement from him that might throw some light on the causes trat led rim to allow two trains in the same block at the same time. This official was not perpared to state today whether or not the company would take steps to prosecute the missing operator and he did not then know if he could be prosecuted under the laws of the state of Virginia.

An examination of the telegraph sheets kept at the Rangoon and Lawyers block offices by the representative of the Associated Press discloses the fact that Mattoax allowed train No. 33, the Jacksonville express, upon the block, the train passing his station, getting a clear track from him at 6:06 o'clock. The operator at Lawyers, the next station, ahead, claimed that Mattoax did not ask him for a "clear track" for No. 33, and he, therefore, did not know this train had passed Rangoon. The block sheet at Lawyers bears out this claim The sheets at both offices show that the operator at Rangoon asked Lawyers for a clear track for No. 37, the Washington and southwestern vestibuled limited, and the Lawyers operator not knowing No. 33 was in the lock, gove No. 37 the right of way at 6:14 o'clock, and No. 37 passed Rangoon at that time.

Simmered down, if Mattoax, at Rangoon, had reported train No. 33 on the block at Lawyers, then there would have been no accident, because the operator at Lawyers would have held No. 37 at Rangoon until the Jacksonville train had cleared the block at Lawyers, no matter how long the delay might have been between the two offices.

Superintendent W. S. Andrews, of the Danville division, explained that the report that the engine of the forward train had gone some distance ahead of its train when it became detached was erroneous and the fact is that the engine did not leave the train more than twenty feet, the air brakes applying immediately upon the engine as well as the train. The trouble was the breaking of a knuckle of the drawhead on the front end of the forward car. The trainmen were repairing this when the collision occurred.

Assistant General Superintendent E. H. Coapman states there is not the slightest doubt but the flagman made every possible effort t oprotect the rear of the train, but he could not get around a sharp curve in time to prevent the collision. As soon as Engineer Kinney saw the signal he applied the emergency brakes and stayed at his post to the last.

Superintendent Andrews of the Danville division, left late Friday afternoon, having been called to Washington, D. C. It was Mr. Andrew's understanding that the entire official family of the Southern railway company had been summoned to the city of Washington to be present at the funeral of President Spencer. Mr. Andrews, however, was not informed as to the funeral arrangements.

Washington, Dec. 1.—The funeral of President Samuel Spencer will take place at St. John's church in this city, at 2 o'clock Sunday afternoon, Rev. Roland C. Smith officiating. The body will be interred in this city. The burial services will be private.

For five minutes during the funeral hour, beginning promptly at 2 o'clock p. m., every train and all machinery of the entire Southern system will be at a standstill as a mark of respect to the late president.

The active pallbearers will consist of ten of the oldest negro porters in the service of the Southern railroad. This list will not be made public until later. The honorary pallbearers will include the vice presidents and officials of the road, J. Pierpont Morgan and other prominent financiers of New York.

The list given out by the officials of the Southern railway follows:

A. B. Andrews, first vice president, Raleigh, N. C.; W. W. Finley, second vice president, Washington; J. M. Culp, third vice president, Washington; C. H. Ackert, fourth vice president, Washington; T. D. Powell, fifth vice president, of St. Louis, Mo.; Fairfax Harrison, assistant to the president, Washington; F. L. Stetson, general counsel, New York; Alfred P. Thom, general counsel, Louisville, Ky.; R. D. Langford, secretary, New York; H. J. Ansley, treasurer, Washington; W. S. Stonesend, president's office, New York; Colonel L. R. Russell, vice president, Mobile and Ohio railroad, Mobile; W. J. Murphy, vice president Cincinnati, New Orleans and Texas Pacific railway, Cincinnati; Major J. F. Hanson, president Central Railway of Georgia, Macon, Ga.; Colonel A. R. Lawton, first vice president of Central of Georgia railway, Savannah, Ga.; J. Pierpont Morgan, George S. Bowdein; General Baker, president New York and Long Beach railroad, New York.

President Spencer earned his first laurels in railroading on the section of road where he lost his life. That portion of the Southern system was formerly known as the Virginia Midland, of which Mr. Spencer was superintendent in 1877.

Eleven Pulajanes Killed.

Chief Pablo himself escaped but his wife and daughter were captured. Clothing, arms and papers found were destroyed together with the camp. The capture of chief Pablo is considered the question of only a few days. There is now only the chief at large and plans have been arranged to capture or kill him. Governor Curdy of Samar wires that the breaking up of Chief Pablo's band signalizes the death knell of Pulajanesim in the island.

MASKED MOB FIRED FACTORIES

Of The Imperial Tobacco Company In Kentucky

THEN THEY REFUSED TO ALLOW

The Firemen to Fight the Flames, and Thus Causing a Financial Loss Estimated at About $150,000.

Louisville, Ky., Dec. 3.—A special from Princeton, Ky., says:

The tobacco stemmeries of James Steger and John G. Orr, the latter controlled by the Imperial Tobacco company of New York, were totally destroyed at an early nour Saturday by a fire which was kindled against them by a mob of masked men. Several cottages in the vicinity were badly damaged, but nobody was hurt. The loss is estimated at about $150,000.

The mob, which numbered about 300 men, entered Princeton between 1 and 2 o'clock, seized the night town marshal and disarmed him. They then went to the factories and quickly applied the torch. The masked men stood on guard, permitting nobody to come near until the buildings were completely enveloped in flames and help was useless. A squad of the mob took charge of the telephone office and no word of the affair was permitted to go out.

When the mob saw that the fire was beyond control, they left the town and went in the direction of Hopkinsville, discharging revolvers and rifles as they departed. The fire department then came out, but could do nothing more to prevent the fire from destroying buildings in the vicinity.

The Steger stemmery was located on the south side of town on the Illinois Central railroad, and the Orr building in the northern part of the town.

The Steger factory is controlled by the American Snuff company and Mr. Steger is principal owner of the concern, as Mr. Orr is the representative of the Imperial company. There was about 150,000 pounds of tobacco in each warehouse and all of it was burned. The mob in addition to disarming the night watchman, took charge of the police station and the waterworks. Even had the fire company responded, they would have been unable to obtain a supply of water for fire fighting purposes.

The work of the mob is believed to be only a furtherance of the agitation by the tobacco raiser against the tobacco trust. The organizations of the farmers is known as the Dark Tobacco Growers' Protective association, but it is not known that any member of that organization was in last night's mob.

Will Johnson to Hang.

Atlanta, Dec. 3.—Will Johnson, a negro, was Saturday morning found guilty by the jury in the Fulton county superior court, criminal division, and Judge Roan sentenced him to be hanged, Jan. 1, 1907. Johnson was convicted of criminal assault on Mrs. Georgia Hembree last August, near her home, in Battle Hill. As many as twenty negroes were brought before Mrs. Hembree for identification, but she declared that she had no doubt that Johnson was the right man. Johnson is also suspected of other assaults. It is understood that January the first was selected as the date for the negro to pay the penalty of his crime on account of the fact that it was not wished to have a hanging just at Christmas time.

Distinguished Veteran Destitute

Tampa, Fla., Dec. 3.—Captain J. C. Brain, confederate veteran suffering in this city from a stroke of paralysis, is destitute. Captain Brain commanded the Chesapeake, the Roanoke and the St. Mary of the confederate navy during the civil war. This distinguished veteran needs assistance from his former comrades.

GOOD REPORTS BY MINISTERS.

The South Georgia Conference Is In Fine Shape.

Valdosta, Ga., Dec. 3.—Fire Satceiving of reports and examinations of young preachers continued in the south Georgia conference Friday.

On the call of question 220, "Are all the preachers blameless in their lives and official conduct?" the ministers of the Savannah district were called and submitted their reports and their characters were passed. The ministers of the north and south Macon districts and the Columbus district were called and their characters were also passed.

The reports showed that this has been the best year in the history of the conference. The reports of Dr. Ainsworth and the Rev. J. G. Christian were warmly complimented by Bishop Ward and the report of Rev. O. F. Cook, pastor of St. Luke's church, was of especial interest as the indebtedness of the church has been paid during his pastorate and the church raised over $14,000 from all sources during the year. The board of missions also submitted its report today and Rev. A. M. Williams, D. D., of this city, was reelcted president.

Fain Acquitted of Riot Charge.

Atlanta, Dec. 3.—S. E. FaFin, charged with intent to murder a negro named Jasper Alford, on the night of September 23, during the race riot, was acquitted in Judge Roan's court. Judge Ben Hill was counsel for the defense and Solicitor General Charles P. Hill represented the state. When the negro Alford went on the stand he stated that he had no knowledge as to who wounded him, and witnesses for the defense swore that the defendant was talking to them in a group near the Marion hotel when the shooting occurred The testimony of A. L. Stipes, a druggist, was to the effect that he saw Fain shove the negro and that Fain shot at the negro three times when he placed his hand in his hip pocket The jury rendered a verdict in a comparitively short time and Fain was set free.

Fumes of Auto Caused Death.

Philadelphia, Dec. 3.—Gustav Sieding, aged 58 years, well known as a promoter of amusement enterprises was found dead in his automobile in a garage in the northern section of the city. He had been asphyxiated by gasoline fumes while leaning over the tank of the machine making repairs. Sieding had been dead for several hours when his body was found. The unfortunate man's head was lying across the opening from which the deadly fumes were issuing, and the physicians say, left no doubt as to the cause of death.

His secretary said: "You can say that Mr. Twain is in the best of health since his attack of bronchitis. He thanks his friends far and near for their kind messages and says he objects to live many more years to enjoy the beauty and hospitality of this world.

PRINCIPAL M'BEATH WANTS GOOD BOOKS

Believes in Children Reading Wholesome Literature.

ASKS FOR PUBLIC DONATIONS

Of All Literature That is Uplifting in the Nature of Books, Which Will be Used to Improve the Minds and Morals of His Pupils.

To the Good People of Gainesville:

Thanks to the generosity of Kirby Smith Chapter of the Daughters of the Confederacy, and to the liberality of Dr. Kelley and one or two other thoughtful friends of the children, we now have the neucleus of a library for the public school, but we wish to add to it.

The school needs a good library. We want reference books, historical, scientific, for the high school, and good literature, stories of adventure, travel, etc., for the grammar grades. We have some of each, but nothing like a sufficiency to meet the rapidly growing demand. Children from the third grade up are beginning to throng the principal's office on Friday afternoons begging for books to carry home with them to read over Saturday.

It has been said, and in the main it is true, that it is a crime to teach a boy to read and neglect to cultivate in him a taste for literature, the surest safeguard perhaps that can be thrown around the young. In these times, when bad literature is so accessible, it is all the more important that we cultivate in our boys and girls a love for that which is good and wholesome. They are going to read. It rests with parents and teachers to decide whether this reading shall be a source of uplift and strength, or of degredation and weakness. There is but little hope for the boy or girl who has acquired an appetite for the weird and often soul-destroying trash and poison served up by the modern cheap magazine and story paper. The old time "yellow-back dime novel" so dreaded and execrated by our fathers was innocence personified in comparison with the bulk of the current literature that fills the racks of our modern news stands.

The school that teaches the boy to read must accept the inseparable responsibility of teaching to love to read that which is wholesome, and to despise that which is unwholesome. We are making an effort to do this, and we solicit the help of our patrons and lovers of children.

This is what we wish to propose: There are in many homes in Gainesville numbers perhaps of good books which for various reasons are no longer needed or used. If placed in our library they would be in reach of children eager to read them—children whose parents are unable to supply them with such. Will not each father and mother in Gainesville who reads this look over the books in their homes and send us as they can spare? You will never perhaps have another opportunity to do so much good at so little cost.

Sincerely yours,

TOM F. MCBEATH,

Principal Graded and High School.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

IMPRESSIVE SERVICE OF THE ELKS' LODGE

Tabernacle Was Crowded at Memorial Exercises Sunday.

MANY ELKS WERE THERE

Members of Gainesville Lodge and Visiting Brothers Attended in a Body. Fine Musical and Rituralistic Program Arranged for the Occasion.

By far the most impressive religious service ever held in Gainesville under the auspices of a secret society was the memorial exercises of Gainesville Lodge 990, Benevolent and Protective Order of Elks, which were held in the Tabernacle of the Florida Winter Bible Conference Sunday afternoon.

As is the custom with this order, similar services are held simultaneously in every city in the United States where a lodge of Elks exists, the purpose being in commemoration of the memory of deceased brothers. Fortunately this meeting was the first of the kind necessary with Gainesville lodge, as last year there were no deceased brothers over whom to mourn. During the year about to come to a close, however, two members of Gainesville lodge have passed into the mysterious beyond, and the services Sunday were appropriate and beneficial in eulogizing their lives and characters.

Meeting Was Public.

The meeting was a public one. It was announced for 3 o'clock, and by that hour the big building was comfortably filled with many of the best people of the city, desirous of learning how the Elks commemorate the occasion. They were not disappointed in the proceedings, for at the conclusion many were the favorable remarks made in behalf of the Elks, which had apparently been misunderstood before. The principles of the order were explained in a plain and impressive manner, and the beautiful rituralistic work was carried out in a manner which could not help but to have been impressive.

Lodge Marched in Body.

Members of the lodge, with a few visiting Elks, assembled at the lodge room a few moments before 3 o'clock, from whence they marched by twos to the Tabernacle. Seats had been reserved for the Elks in the center section; forward to these they marched, standing on either side of the aisle. There were nearly a hundred in line, including the officers, which made a good showing. The officers of the lodge advanced to the rostrum and were seated in regular order, Exalted Ruler Chubb, the presiding officer, in the center, with Hon. Matthew B. MacFarlane of Tampa, who was to deliver the memorial address, at his right.

The Exercises.

The exercises were opened with a few appropriate remarks by the exalted ruler, after which the audience was treated to a selection on the piano and violin by Mrs. Becker and Misses Hampton and Richards. After a short ritualistic lodge service, concluding with the invocation by the lodge chaplain, Rev. S. B. Rogers, Mrs. J. F. McKinstry, Jr., rendered a beautiful and touching solo, "Shall I Be Forgotten?" Mrs. McKinstry is possessed of a sweet, mellow voice, and her vocal work is always appreciated by Gainesville people.

The hymn, "Nearer, My God, to Thee," which is one of the odes of the order, was the next on the program. This was rendered by the excellent choir which kindly volunteered its assistance, in which the lodge and audience joined.

Esteemed Leading Knight Robert E. Davis delivered beautiful and most touching eulogies upon the lives of Brothers B. F. Jordan and Walter G. Robinson, members of Gainesville lodge, who had passed into the mysterious realms beyond. His remarks were well couched and appropriate, and were listened to with the deepest interest.

Miss Bessie Brown of Virginia, who possesses a magnificent voice, rendered in a fine manner, "Thy Will Be Done," which was followed by the hymn, "Jesus, Lover of My Soul."

Hon. M. B. MacFarlane.

Exalted Ruler Chubb in a few well-chosen and appropriate remarks introduced Hon. Matthew B. MacFarlane of Tampa, past exalted ruler of the order. Col. MacFarlane, who is collector of customs for the port of Tampa, is a pleasing and eloquent speaker, as was demonstrated upon this occasion. He began by telling the members of Gainesville lodge and the audience what an honor he felt to have the privilege of addressing them upon this occasion, and notwithstanding that it was a session of sorrow, he was glad to be here, for the duty devolved upon someone. After paying a few compliments to Gainesville lodge and the city generally he began his memorial address, paying beautiful tributes to the deceased members of the order, especially Brother Walter G. Robinson, by reason of the fact that he had been associated with Mr. Robinson politically, socially and in a business way, and knew and loved him as a brother, hence he could speak of him from a personal knowledge. He touched upon the charitable and generous nature of his friend, and said that many of the charitable deeds he performed would never be known. The speaker added that he had not the honor of a personal acquaintance with Brother Jordan, but from what had been told him by brother Elks, he realized that he was an elegant gentleman of Christian character, and a man who is missed by his lodge and his community.

Mr. Harry Howell treated the audience to a solo, which was followed by piano and violin music by Mrs. Becker and Misses Hampton and Richards.

After the song, "Lead, Kindly Light," there was another brief lodge service, the Doxology and the benediction.

It was regretted that Esteemed Lecturing Knight Rev. Francis H. Craighill, who is quite ill, was unable to be with his brothers at this meeting. During his invocation at the opening of the session, Chaplain Rogers took occasion to refer to his illness, and asked God's blessing upon him, his family and his church.

In all, the memorial service of Gainesville Lodge No. 990, B. P. O. E., was as successful as it was impressive, and the lodge made many new friends.

FALSE MIRRORS.

Many Varieties Are Made For Special Business Purposes.

"It is not enough to make true mirrors," the dealer said. "If that were all, ours would be indeed a simple business.

"Dressmakers and milliners require mirrors of all sorts. They need, for example, a mirror that makes one look taller and thinner. When they dress a fat, short patron in one of their new hats or suits they lead her to this mirror, and she is so surprised and pleased with the change for the better in her looks that straight off she buys.

"For masseurs I make a mirror that, like a retouched photograph, hides blemishes, wrinkles, scars. The masseur takes the wrinkled face of some rich old woman, steams it, thumps it, pinches it and smacks it for an hour and then holds up to it the mirror that gives a blurred, blemish hiding reflection. The woman thinks her wrinkles are gone and is happy till she gets home to her own true mirror.

"Altogether I make some twenty varieties of false mirrors. Salesmen and saleswomen in millinery and dressmaking establishments can double and quadruple their business if they are quick and deft in their selection of the mirror that flatters each patron best."

CATARRH SEASON.

Disease Most Prevalent in the Fall Months—Simple Way to Cure.

With the cool nights of fall, catarrhal troubles in Gainesville are becoming more and more prevalent, and J. W. McCollum & Co., as a consequence, find their sales of Hyomei increasing.

At the first warning of catarrh, one should begin using Hyomei. A few days' treatment at this season of the year will often prevent a serious and chronic attack of catarrh.

There is no stomach dosing with Hyomei. The virtues of its healing oils and balsams are breathed through a neat pocket inhaler that comes with every outfit, and in that way the medication penetrates to the most remote cells of the nose, throat and lungs, killing catarrhal germs whenever present, and soothing and healing any irritation there may be in the mucous membrane.

If you have a cold, or there is any offensive discharge from the nose, or tickling or dropping at the back of the throat, if there is offensive breath, raising of mucous, and smarting and irritation in the throat; if there are any of the symptoms that indicate catarrhal troubles, begin the use of Hyomei at once.

You take no risk in paying $1 for a Hyomei outfit, as J. W. McCollum & Co. give their personal guarantee that if the remedy does not afford satisfaction, your money will be refunded at once. Extra bottles of Hyomei, if needed, cost but 50 cents, making this the most economical treatment for catarrh, as well as the most reliable.

The Battle of Life.

No man lives without jostling and being jostled. In all ways he has to elbow himself through the world, giving and taking offense. His life is a battle in so far as it is an entity at all.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Ayer Co., Lowell, Mass.

CATARRH A UNIVERSAL BLOOD DISEASE

Catarrh is usually worse in Winter, because of the cold, damp and suddenly changing climate. Colds are contracted, and neglected and as the secretions from the different inflamed membranes are absorbed into the blood the unpleasant symptoms of the disease commence. The nostrils are stopped up and a constant dropping of mucous back into the throat keeps up a continual hawking and spitting. The patient has dull headaches, ringing noises in the ears, and often slight fever and a depressed, half-sick feeling accompanies the disease. The blood becomes so fully charged with catarrhal matter that stomach troubles are brought on, the kidneys and bladder are affected, and if the blood is not purified of the poison the lungs become diseased because of the constant passage of impure blood through them. Catarrh cannot be cured with washes, sprays, inhalations and such treatment; these cannot reach the poison-laden blood where the real cause is located, and can only give temporary relief and comfort. A disease which affects the entire blood supply as does Catarrh, must be treated with a blood purifier. S. S. S. is the best remedy for Catarrh, which has grown to be a universal disease. It goes to the bottom of the trouble, rids the blood of the catarrhal matter, reinvigorates the circulation, and cures this disgusting disease permanently. When S. S. S. has purified the blood every part of the system receives a supply of fresh, healthy blood; then the inflamed membranes heal and every symptom of Catarrh passes away. Write for our book containing information about Catarrh, and ask for any medical advice you desire. No charge is made for either.

DuBOISE FOUND GUILTY.

On All Counts of Misapplication of Funds.

Birmingham, Ala., Dec. 3.—After having been out all night, the jury in the case of Gordon DuBoise, former president of the defunct First National Bank, of Ensley, Ala., charged with misappropriation and embezzlement of a national bank's fund, returned a verdict in the federal court Saturday morning finding the defendant guilty on all counts of misapplication and embezzlement.

There were 172 counts in the indictment and the amount involved was about $48,000, which sum, it is alleged, DuBoise lost in cotton speculations. The bank hand a capital of $50,000, of which DuBoise owned $33,000 of the stock. He made good the losses, but the federal government proceeded to prosecute him for violation of the national banking laws. Before the jury retired, Judge Jones ordered the embezzlement charges strickn from the indictment, saying that the prosecution had failed to show that embezzlement was commited. The trial has been in progress two weeks.

At noon DuBoise was taken before Judge Jones, who, after overruling a motion to set aside the verdict, sentenced him to five years' imprisonment, which is the minimum punishment provided by law.

LITTLE BABY'S AWFUL HUMOR

Thin Skin Formed Over Body and Under it Was Watery Blood—When Washed it Would Burst and Break—Suffered for Weeks—Now Sound and Well—

CURED IN ONE WEEK BY CUTICURA REMEDIES

"When my little girl baby was one week old she had a skin disease. A thin skin formed over her body and under it was watery blood, and when she was washed it would burst and break. She was in that condition for weeks, and I tried everything I could think of, but nothing did her any good. When she was three months old I took her to San Antonio to see a doctor, but the doctor we wanted to see was not at home, so my sister gave me a cake of Cuticura Soap and half a box of Cuticura Ointment, and told me to use them, which I did in time. I used them three times, and the humor began to fade, and in one week she was sound and well, and it has never returned since. I think every mother should keep the Cuticura Remedies in the house. Yours truly, Mrs. H. Aaron, Benton, Texas, July 3, 1905."

WEEPING ECZEMA

"I have used the Cuticura Remedies for some years past. The Cuticura Soap we are never without, and the Ointment is the finest in the world. It has done wonders in curing my little girl of weeping eczema. Respectfully, Mrs. J. E. Mersdorff, 310 W. 3rd St., Madison, Ind., June 27, 1905."

BALLOT THIEVES SET FREE.

Attorneys are After the Men Who are Higher Up.

Sacramento, Cal., Dec. 3.—At the request of Attorney Heney, Governor Pardee has pardoned Steffins and Wyman, the alleged ballot box stuffers, in order that they may testify against Abraham Ruef and Mayor Schmitz, of San Francisco.

Steffins and Wyman were sentenced to five years' imprisonment for stuffing the ballot boxes at the local primaries held a short time before the last election of Mayor Schmitz.

Through the result of this primmary election, Abe Ruef secured control of the county republican convention. Charges were made that Steffins and Wyman who were acting as election officials, had stuffed the ballot boxes in favor of certain delegates. They were tried before Judge Lawler and convicted. When Judge Lawler came up for reelection, Ruef and his adherents made a bitter fight against him, and it was the nomination of two men as candidates for superior judge on both the republican and democratic tickets in order to make Lawler's defeat certain that brought the present prosecutions for graft to a focus

SAMUEL SPENCER.

Samuel Spencer is dead, and the whole South will feel his loss. The important railway system which he had done so much to build up, reaches into every Southern State east of the Mississippi river, as well as into three great States beyond these limits, and is in each one a strong, if not the strongest, agency for development. Of this immense system Mr. Spencer was the master mind. He was its president, not because of wealth or pull or favoritism, but because the stockholders thought he was the best man they could get for the position, and his management of the vast interests confided to his charge showed that their estimate of him was not too high.

In enumerating the South's great men in the fields of business, the name of Samuel Spencer must be placed first. No other Southern man ever managed such vast interests, or held in the business world as important a position. No other man ever contributed as much to the business life and the development of the South, and when we remember the fact that he climbed to his high place, unassisted by the accidental advantages that help so many, and that he maintained himself so successfully in his position, we must class him among the South's greatest men.

Mr. Spencer was born in Columbus, Georgia, where many of his kindred still reside. He was a gallant Confederate soldier, shouldering a musket when a sixteen-year-old boy, and fighting in the ranks until the close of the war. His career is one of which the South has reason to be proud. His terrible death will cause deep regret throughout the land he had served so faithfully in war and peace.—Times-Union.

A BIG SPRING.

No State in the Union has larger or more numerous springs than Florida. Many of them form good-sized streams from the start and some of them are navigable. The largest spring in the State, and one of the largest and probably the best known in the United States, is Silver Spring, which is located six miles East of Ocala. This spring forms the source of the Ocklawaha river, a tributary of the St. Johns, and steamboats traversing the river enter the spring basin, which has an area of several acres. The water is from 25 to 30 feet deep and is wonderfully clear, appearing absolutely colorless.

A station for measuring the flow of the spring has been established by the United States Geological Survey. A gauge has been attached to the rowboat house at the extreme head of the spring, and daily readings are taken by Mr. T. W. Pierce, the spring keeper. Current meter measurements are made by the hydrographers of the survey. A measurement made May 31, 1904, when the station was established, determined the discharge to be 543 cubic feet per second.

Dr. E. H. Sellards, Professor of Geology in the State University of Florida, is preparing a report on the work he did for the United States Geological Survey during his recent summer vacation. His special subject of investigation was "Sewerage Disposal Through Limy Borings." His report will contain some interesting and valuable information.

DEATH OF SENATOR CARTER.

A dispatch from Bronson to The Times-Union says:

"After an illess of several months' duration, Hon. N. R. Carter, State Senator from the Twenty-first senatorial district, and one of the most prominent men in the State and county, died at his home in Levyville Saturday morniug at 6 o'clock.

"The death of Senator Carter was expected, as his condition has been without hope for several weeks. He was surrounded by his family when the end came, all of whom had been devoted in their attentions to him during his illness.

"Senator Carter was 73 years of age and a native of Mississippi. He served with distinction in the Confederate army. He has been a resident of Levy county for thirty-five years, and had always been identified with the best interests and upbuilding of the county. He had served as county commissioner and county treasurer and was elected State Senator in 1904, and served with credit and ability to his county and State at the last session of the Legislature.

"His death has cast a gloom over the entire county, and he will be sorely missed.

"He was a consistent member of the Baptist church and a Mason of high standing.

"The funeral took place Sunday afternoon at 1 o'clock, the interment being in the family burying ground in Levyville.

"Senator Carter is survived by a wife, five sons, Messrs. W. P. and N. R. Carter, Jr., of Gainesville, Judge Lamar G. Carter of Mayo, John L. and Graham Carter of this county; one daughter, Mrs. O. S. Clyatt of Judson, and a brother, Judge Syd L. Carter of Gainesville, who have the sympathy of hundreds of friends in their sad bereavement."

MORE FRAUDS AND GRAFTING

With more land office frauds and grafting charged against the Patent Office, there would seem to be need of a thorough reorganizstion of those departments. There must be a winking at fraud, if not participation, by those in charge of the Government Land Office, for the clerks could hardly carry out fraudulent work without the connivance of their superiors, or if they can those over them are entirely incompetent for the work they are paid to do. The Republican officials charged with implication in the frauds have strong interests back of them which the Roosevelt administration does not seem to have been able to cope with, or else fears to fight them, "for the sake of the party." The Union Pacific and Southern Pacific railroads, with Harriman at their head, are charged with fraudulently obtaining title to thousands of acres of coal land in Wyoming and other States, and it will be interesting to note, as the evidence of fraud is produced, how much the Republican leaders, Senators and Congressmen and others have been mixed up with the matter directly or indirectly.

The corrupt ring that rules the Republican roost in Wyoming has been kept in power by the money and backing of the railroad corporations, and what would be more likely than their rendering aid in the land frauds in return. There is an ominous effort being made by corporation influence to have that dead duck, Lacey, of Iowa, appointed Commissioner of the General Land Office, who was deprived of his Congressional seat by an outraged constituency, because he declared himself "a standpatter from Standpatterville." A self-confessed tool of the tariff protected trusts is hardly the man to clean out the mess made by Harriman and his railroad corporations. The lid has been pretty effectually kept on to cover up these frauds, and what President Roosevelt needs is not a Taft to sit on the lid, but some one who will take it off and keep it off until these and all other frauds are discovered and the perpetrators punished.

Dr. David Y. Thomas, Professor of History and Political Science in the State University, is giving a course in Argumentation and debate which is finding favor with the students. Interest in the work of the literary society has been quickened and the debating society is now in a flourishing condition. The class meets the instructor twice a week and regular work in the literary society counts one hour.

The Wall Street frenzied financier and other national bankers having secured about all the surplus in the United States Treasury now declare that the money tension is ended for this year. Secretary Shaw certainly is an easy mark for the Wall Street sharks.

The patent office is under fire, but Commissioner Allen will not resign. As Allen belongs to the Senator Platt school of politics his decision not to resign under fire is quite natural, for few of such patriots die and none resign.

The protective tariff and other Republican policies are working against our manufacturers, for their export trade to China and Japan for the present year is $38,497,085 less than last year.

Jacksonville proposes to considerably extend her corporate limits.

Sure of His Umbrella.

Departing Guest—Dear me, what a wet night! I wonder if you could give me the loan of an umbrella? Host—Certainly, but—well, the fact is, I think I would be the better for a walk. I'll just take a turn home with you and shelter you by the way."

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

PLACED PISTOL TO HER MOUTH

She Pulled the Trigger of the Pistol Thus Ending Her Life.

Cordele, Ga., Dec. 3.—Mrs. Geo. L. Dekle, one of Cordele's most prominent and well known ladies, committed suicide at her home here by shooting herself in the mouth with a pistol. She died immediately before any member of the family knew what had happened.

She arose before the other members of the family, secured a pistol on the mantel, went across the hall into the both room, closed the door and fired the shot, which awoke her husband, who rushed to her side, but not before she had expired.

The cause of the suicide is thought to have been brought on by ill health and the death of three children, and was committed in a fit of despondency. Many of her neighbors had noticed of late that her mind was affected, but did not know it was so unbalanced as to carry out self-destruction.

The deceased was about 30 years old, and is survived by her husband, G. L. Dekle, a prominent business man of the firm of Dekle Bros., and two small children, besides a mother and father, Rev. and Mrs. F. H. Paxton, of Florida, and a brother and sister.

The funeral took place at the Baptist church, of which she was a faithful member, and the services were conducted by Rev. J. D. Winchester. A very large concourse of people attended the funeral and the floral offerings were many.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Son Born on Board Steamship.

New Orleans, Dec. 3.—When the Mallory line steamer Concho, New York to Galveston, was 145 miles off Southwest Pass Friday night her wireless operator flashed the news here of the birth aboard that vessel of a son to Mr. and Mrs. John Trippel, who are enroute to San Francisco, via Galveston. The baby has been named Concho Light Trippel, in honor of the vessel and the attending physician.

There is real pleasure in chewing the best tobacco grown where the best tobacco grows—in the famous Piedmont country

CHEW WHAT YOU KNOW ABOUT

Only choice selections of this well matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and other of the Reynolds' brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Schnapps

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

AND KNOW WHAT YOU ARE CHEWING

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the larger 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. cuts. Strictly 10c. and 15c. plugs.

Good For Luncheon.

"At luncheon I had something which was excellent, but not substantial."

"What was it?"

"An excellent appetite."—Il Diavolo Rosa.

The two greatest stimulants in the world are love and debt.—Beaumont.

A WARNING

To the People of Gainesville

Sudden changes in the weather cannot help but result in coughs, colds, bronchial troubles, the grippe and other sicknesses. This weather is also bad for old people and those who are run-down or have a tendency to any weakness or disease.

Said Mr. W. M. Johnson, our local druggist: "It seems to me that every man, woman and child in Gainesville, especially the aged and run-down, should be warned through the columns of your paper to build themselves up and take proper precautions to ward off sickness at this season, and there would be very much less suffering and fewer deaths in Gainesville."

When asked what was considered the most universally successful medicine they had ever sold for that purpose, without hesitation Mr. Johnson answered, "Our modern cod liver preparation, Vinol. You know, it is not a patent medicine, and it does not contain any useless oil to clog the system and upset the stomach, but it does contain every one of the medicinal, curative and body-building elements of cod liver oil actually taken from fresh cods' livers, with tonic iron added."

Vinol cures coughs, bronchitis, strengthens the aged, builds up the weak and run-down, and makes rich, red blood. If it fails we return your money.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
